OPEN LETTER OF CONCERN
 NO MONEY FOR SECURITY -AN EMBARRASSMENT

We the ,members of LFYC should be ashamed of ourselves for allowing the continued decay of our club facility. The Lakeforest Community with the desirable homes, luxury cars and boats, designer jeans and Rebok sportswear claims it can't afford the proper security necessary to protect what remains of the Club property.

This situation sickens me and I try not to convince myself not to give a damn anymore. Maybe I remember when the club represented pride or maybe it's because I think of what the Club could be if the members cared.

If you don't like what you just read simply tear this page out and throw it away. If you do care - tell the trustees.

Commodore's Message

Dear Members,

I am afraid my first Commodore's message is going to sound very similar to Phil's message last year. First, the bad news: vandalism, trespassing and littering has returned with a vengeance. The club has been broken into several times. The broken bottles and rusty cans which your children will be stepping on when the water and the warm weather return are multiplying at a dizzying rate.

Once again, a very few people have been working very hard to keep it under control but they are greatly outnumbered by the offenders. Letters have been written, police have been called, complaints have been signed and tickets have been written. Please impress upon your children and their guests the importance of respecting club property. Remember you are paying for it!

Now, on a lighter note, everyone attending the New Year's Eve Dance was having such a good time, the disc jockey was held over for an extra hour. Forty percent of these people were Lake Forest Yacht Club members, sixty percent were guests. Thanks to all those people who worked to make the dance a great time.

The new building committee headed by Frank Sullivan, Paul Gabia, and Rudi Schaberick have been very busy already. Believe or not you will be seeing results very soon!

Please notice the list of trustees and the committees they supervise in the front of the Porthole. If you have questions, problems, ideas, or the desire to become involved, please contact the committee chairperson first. If they cannot be reached please contact the trustee who supervises that particular committee.

Last, but certainly not least, don't forget the upcoming Trustees Breakfast. After all, our only desire is to serve the community.

Susan Essig
Commodore

Trustee Minutes: 1/12/88

SECURITY: THREE bids were obtained to wire the club and office for security. It was suggested we contact the police about the type of system that should be installed before a decision is made by the Board.

GROUNDS/MAINTENANCE: PAUL SABIA SENT a letter with photographs showing the damage to the tower and the swim curtain with suggestion that repair be made while the lake is down. It was requested that Paul try and find someone who would be able to do the job. The Board expressed thanks to Paul for his timely information.

TENNIS: A TENNIS PARTY AT THE SUSSEX COUNTY RACKET CLUB IS PLANNED FOR FEBRUARY 27, 1988. (SEE FLYER FOR DETAILS)

SWIM TEAM: They will hold a swim night Feb. 6, 1988 at the YMCA in Randolph. Plans for the necessary platform for the swim team have been drawn. The work will be done by volunteers and the cost should be about \$3600.00 for material. Approval for this expenditure was not given at this time.

BEACH: Rules have been approved and will be handed out with the badges as in the past. The parking stickers will remain the same design. The guest parking cards will again be given with the badges.

SOCIAL: THE FEBRUARY BRUNCH WILL be held on FEBRUARY 7, 1988. The cost will be; Children: \$2.00 and Adults: \$4.00, advance payment. At the door Adults will be \$5.00. Paid reservations must be made by February 4, 1988.

MULTI-YEAR: FRANK SULLIVAN reported to the Board that Paul Sabia and he have measured all the beams. Paul has plans of the existing building. New members have joined the committee and a meeting will be scheduled shortly. The plan as of now is either to replace the existing roof with a rubber roof and do minor repairs to the inside and a new heating system, if necessary, which is best to have placed inside the building. The other plan is to raise the roof, a mansard type, extend the front of the building 12 feet in line with the kitchen, move the oil tank and put heating unit inside. Frank was encourage to proceed with formulating plans and return to the Board as soon as possible.
